Student orientation

Orientation is conducted before the commencement of your training. Its purpose is to review and confirm the training and assessment processes and responsibilities of the student and Australian Design College Pty Ltd during the course. It is also an opportunity for students to ask any last minute questions.

Training

Training is based on competency standards that outline the skills and knowledge to be applied in the workplace. Training is about assessing existing competence, developing the required competence and preparing people for assessment against specified competency standards.

All our nationally accredited courses are designed in compliance with the guidelines of the relevant AQF training package. The course content and delivery methodologies accurately reflect the specifications outlined in the relevant AQF training package unit of competency.

Delivery and learning methodologies are tailored for each particular course to develop candidates' knowledge and skills, so they are able to confidently perform associated tasks in the workplace on completion of their course.

Delivery and learning methodologies may include presentations, individual and group work activities, case studies and practical demonstrations. Delivery will take place at our campus and will involve a mixture of face to face training and independent study.

Assessment

Student's performance is assessed in accordance with the guidelines outlined in the relevant AQF training package unit of competence. This may be in the form of answering questions, writing reports, project work or through practical demonstrations of knowledge and skills. Simulated work environments are also used to create workplace conditions. Students undertake roleplay and complete tasks to workplace standards.

Each unit of competency will normally involve two or three assessments and after each assessment the submission will be marked S – Satisfactory or U – Unsatisfactory. Overall unit results are recorded as C – Competent and NYC – Not Yet Competent.

Students are provided 3 attempts to demonstrate competency at each assessment. If you are still unable to demonstrate competency at this point you must re-enrol and undertake additional assessment or in some cases re-training and assessment. This will incur a fee.

Academic Misconduct

Students are also required to adhere to ADC Code of conduct. If a student is found to have acted in a way that the College deems to be misconduct, it may impact their successful completion of the course.

As outlined in the Code of Conduct students are expected to approach learning and assessment activities in an ethical manner. At the College our students almost always conduct themselves with integrity and do not engage in cheating, plagiarism or collusion. Cheating, plagiarism and collusion can occur over confusion about what the definitions of each actually are. The following information is intended to provide guidance and prevent their occurrence.

Cheating

Actions that are defined as cheating during assessment:

- Referring to unauthorized information, phones and other electronic devices during a closed book assessment
- Gaining assistance from an unauthorised person during the assessment process
- Providing assistance to another person in an assessment (where this is not permitted)
- Falsifying documentation submitted to gain an unfair advantage e.g. in applications for Recognition of Prior Learning and or Credit Transfer
- Other people providing false Third party reports for assessment purposes

Cheating in any form during assessments will result in the student's assessment submission being invalidated.

Plagiarism

Plagiarism is the submission of somebody else's work as your own. This may include copying all or part of another person's thoughts or ideas and representing them as your own. If a student fails to identify the original source of some or all of the submission this also constitutes plagiarism.

If a Student copies another Student's work and passes this off as their own then this is also a form of plagiarism and cheating.

During assessment you will read about ideas and gather information from many sources. When you use these ideas in assignments you must identify who produced them and in what publications they were found. If you do not do this you are plagiarising. If students are including other people's work in submissions e.g. passages from books or websites, then reference should be made to the source.

For further information on what constitutes plagiarism please refer to: <http://www.plagiarism.org/> or contact the Training Manager at info@adcpl.edu.au.

Submitting plagiarised work during assessments will result in the student's assessment submission being invalidated.

Collusion

Collusion is the presentation by a student of an assignment as his or her own which is in fact the result in whole or in part of unauthorised collaboration with another person or persons. Collusion involves the cooperation of two or more students in plagiarism or other forms of academic misconduct or cheating. Both collusion and plagiarism can occur in group work.

Unauthorised collusion during assessments will result in the student's assessment submission being invalidated.

Cheating and/or plagiarism and/or collusion during assessments will be treated as a breach of the Code of Conduct and is deemed to be 'Academic Misconduct' and may lead to the student being removed from the course and their student visa being cancelled. No refund is available to the student in such circumstances.

All students have access to the Code of conduct and Academic Misconduct policy and procedure. The Code of conduct is printed in the Student Handbook and a copy of the Academic misconduct policy and procedure is available on request by contacting the Training Manager at any time.

If you have been found to have cheated or plagiarised, there are penalties and processes that are followed. You may be penalised by any of the following ways as:

- be reprimanded
- be required to repeat the assessment or complete a new assessment task
- fail all or part of the assessment
- be suspended from studies
- have your enrolment cancelled

Australia

Australia is the world's sixth-largest country by total area and has a population of approximately 23 million people, with most people staying in the 6 major Cities of Melbourne, Sydney, Adelaide, Perth, Brisbane and Hobart.

The country is split into states and territories being: Victoria, New South Wales, Queensland, Northern Territory, Western Australia, South Australia and Tasmania.

Australia has many attractions for international students including the high quality education system, climate, great lifestyle, sports, beaches, strong industries, and too many is seen as the land of opportunity.

Australia's popularity as an education destination for international students is forecasted to continue in the long term, fuelled by the economy's continued steady growth, high standards of living and lifestyle opportunities among numerous other factors.

Australia is a land of contrasts: sweeping golden beaches, coral reefs rich with marine life, tropical rainforests, mountain ranges, vast grazing lands and sparse deserts.

One of the oldest continents, Australia is the only country to occupy an entire continent. Surrounded by the Indian and Pacific Oceans, Australia has many animals and plants, which are unique on the planet. The surface geology is typically old and flat with a major mountain range stretching down the eastern coast and another mountain range in the north west of the continent.

Victoria

About 36 per cent of Victoria is forest. The Murray is the State's longest river and there are a number of large inland lakes. Victoria's vast coastline extends over 1600 kilometres, bordering the Southern Ocean and Bass Strait and separating the Australian mainland from Tasmania.

Victoria is the most densely populated of Australia's 8 States and Territories. Some 26 per cent of all Australians live in Victoria and, of those, most reside in Melbourne, the nation's second largest city and capital of this state.

Melbourne

Melbourne is a great place to live and study. Melbourne has been consistently ranked as “one of the world’s most liveable cities” by the economist intelligence unit (UK). The population is approximately 4.1 million. Melbourne is a sprawling city with suburbs extending up to 50km from the centre of the city.

In 2000 Melbourne was accredited as a “Safe Community” by the world health organization – the first Australian capital city to achieve this standing. Melbourne’s residents represent 140 nationalities and speak 151 languages. Thirty percent of Melbourne’s population was born overseas and Melbourne has the largest population of international students in the country.

Melbourne is the capital of the State of Victoria. It is situated on the Yarra River and around Port Phillip Bay with its beautiful beaches and water sports facilities. It is a beautiful spacious city with all the parks, gardens, sporting venues and scenic places that Australian space and natural resources allow.

Melbourne is a world-renowned cultural, artistic, financial and communications centre served by an international airport, a cargo and passenger seaport, and rail links to neighbouring States. The city is considered to be the shopping capital of Australia and offers some of Australia’s biggest shopping complexes as well as sophisticated, exclusive boutiques and a host of lively and popular markets.

One quarter of Melbourne’s population was born overseas making it one of the world’s most multicultural cities. There are now people from 140 nations and 170 cultures living harmoniously together. This broad ethnic mix has brought many benefits to the city including a wide range of cuisines and over 2,300 elegant restaurants, bistros and cafes. Melbourne has an excellent public transport system with trams, trains and buses providing an extensive network throughout the city and suburbs.

The city centre is on the banks of the Yarra River, 5km from Port Phillip Bay. Melbourne is only a short distance from many beautiful beaches as well as the Victorian mountain regions, where skiing is popular during winter.

The city and surrounding suburbs are well serviced by a public transport network of buses, trains and trams.

Safe and Friendly

Melbourne is one of the safest cities in the world to live, work and study. The locals are friendly, and the city’s multicultural vibe means you’ll instantly feel at home here. Whether you’re heading out for a bite to eat, exploring the parks and leafy boulevards or just catching the tram to college, you’ll always feel secure and welcome.

A Shopper’s Paradise

With locally designed originals and the best of international brands to choose from, Melbourne shoppers are spoilt for choice.

A sporting capital

Melbourne’s sporting calendar is packed with electrifying events. Cheer on your favourites at the Australian Open Tennis Championships, A- League Soccer, Formula 1 Grand Prix and Melbourne Cup Carnival, or head to the Melbourne Cricket Ground for the best Aussie Rules football experience.

Foodies unite

The melting pot of cultures in Melbourne is reflected in its restaurants, cafes, bistros and bars. You can feast on a dizzying spread of the world's great cuisines or just follow your nose down a cobblestoned. Sometimes called the culinary capital of Australia, Melbourne has a vast array of restaurants, offering a variety of international cuisine.

Bustling Chinatown in the heart of the city, serves up the finest of Asian cuisine and culture. Several other Melbourne streets are dedicated to Vietnamese, Japanese, Italian and Greek food - cuisine to suit every palate and many to suit a student's budget.

Culture and Creativity

Melbourne kicks up its heels all year round, offering everything from opera and Broadway spectaculars to contemporary dance and comedy. The art scene evolves with constant displays at museums, galleries, public art spaces and artist-run venues throughout the city.

Religion

Australia is predominantly a Christian country however; all religions are represented in our multicultural society. Australians respect the freedom of people to practice their choice of religion. Churches, mosques, temples and synagogues are located in most major cities. Some universities have their own spiritual groups on campus.

Melbourne Weather

As a general rule, Melbourne enjoys a temperate climate with warm to hot summers, mild and sometimes balmy springs and autumns, and cool winters.

While Melbourne has a reputation for rain, the city actually receives less rainfall than either Brisbane or Sydney.

Melbourne is an excellent place to see the seasons change. In summer, most people head out to visit our golden beaches. In autumn, experience the glorious foliage of the many European-style parks that fringe the CBD. In winter, Melburnians enjoy the warmth of cosy cafes and bars. Spring is a time for renewal – a great time to head back into our parks and revel in our beautiful gardens.

Melbourne's climate is mild temperate, with four distinct seasons. Average temperatures in summer are 14-24C, in spring and autumn are 10-20C, and cool winters average 7-14C.

You can check the latest weather conditions, forecasts and weather warnings at <http://www.bom.gov.au/>

Bringing Family

Most student visas allow you to bring your family members to Australia as your dependants (check your individual circumstances DHA website). Family members include your spouse, and you and your spouse's dependent children. Before bringing your spouse or children to Australia, you will have to prove that you can support them financially. The cost of supporting a family in Australia is high. You may have to consider and discuss many issues with your family.

Issues to Consider

Rather than bringing your family together with you to Australia, some students may find it useful to arrive first, settle into studies, find appropriate accommodation, adjust to living in Australia and then arrange for their family to join them.

Before making a decision to bring your family to Australia it is important to consider the following issues:

- The cost of airfares for your family to and from Australia;
- Possible higher rent for a larger home;
- Limited employment opportunities for your spouse;
- Extra costs for food, clothing and other necessities;
- The effect on you and your studies if your family is not happy in Australia;
- Whether your children will adjust to school in Australia;
- Waiting lists for child care centres; and
- Whether to come alone to Australia first and arrange things for your family or to all come at the same time.

For more information visit: <https://www.homeaffairs.gov.au/trav/life>

Child Care

Finding suitable childcare in Australia requires patience and planning. Waiting lists for places in most childcare centres are long.

Many schools offer before- and after-school care programs (usually 7:30am-8:45am and 3:30pm-6:00pm). Children who need these programs must be registered with the school.

Schools

If you would like to bring your children to Australia with you, you must be aware of the following schooling issues:

1. It is an immigration policy that school-age dependants of international students undertake formal schooling while they are in Australia.
2. You will need to provisionally enrol your child in a school before you leave your home country and you will normally have to pay the school fees one semester in advance. The school will issue an electronic Confirmation of Enrolment Form (eCoE) stating the program and its duration, so that you can obtain the appropriate visa for your child.
3. The Diplomatic Mission in your country can tell you which State schools are registered to take international students. Fees are usually payable by international students at all State schools.
4. You will be responsible for school fees and other costs including school uniforms, books, excursions and stationery.
5. When choosing the most appropriate school for your child, it is best to ask questions about the school's curriculum, size, extra-curricular activities and the size of individual classes.
6. You should also take into consideration the distance from the school to **your education institution**, the suburb in which you intend to live and the method of transport you plan to use.

**For further information, please contact
Tasmanian schools**

There are two types of schools in Australia – State schools and independent schools.

Health care

Australia has a very good health care system. All Australians pay a Medicare levy (additional tax) to fund the public health system and ensure everyone gets access to public system doctors, hospitals and other health care services.

Medical Issues

From time to time people may get sick and require to access medical professionals, hospitals, dentists and other health related services. All International Students must have Overseas Student Health Cover (OSHC) when they enrol. Students must arrange this themselves with any of a number of health insurance providers.

Overseas Student Health Cover (OSHC)

International students are required by the Australian government to join a private health insurance scheme. The OSHC premium cover must be paid during enrolment before a student visa is issued. You will need to purchase the OSHC at the same time as paying the course fees. The OSHC entitles you to free hospital cover and will contribute to standard doctor's fees.

Only Australian health funds that have signed an agreement with the Australian Government can provide OSHC.

Links to their OSHC organisation websites are:

www.oshcworldcare.com.au

www.bupa.com.au

www.ahm.com.au

www.medibank.com.au

It is a visa requirement that all overseas students possess OSHC while they are studying at the College. An example of current OSHC fees are:

An example of current OSHC Bupa fees are:

- Single (for 12 months) \$544
- Couple (for 12 months)\$3,062
- family (for 12 months) \$5,373

Some students may be exempt from enrolling in the OSHC such as students from countries whose Governments may have Reciprocal Health Agreements for students in Australia.

Note: only some reciprocal health agreements cover students in Australia, some will only cover visitors. You should determine if you are eligible before you apply for your visa to come to Australia.

Telephones

Australia has a modern telecommunications system with mobile and internet access generally available at low cost. Public telephones are available at all Post Offices, shopping centres and are often situated on street corners. Public pay phones accept a variety of coins and phone cards.

Phone cards are pre-paid for use in public pay phones and can be bought at a large number of retail outlets in denominations of \$A5, \$A10, \$A20 and \$A50. Credit phones take most major credit cards such as American Express, Visa, MasterCard and Diners International and can be found at international and domestic airports, central city locations and hotels.

Mobile phones are very popular and can be purchased from a number of retailers.

International students can access free banking from most of the main banks. It's easy and straight forward to open an account by popping into a branch with your passport and student card. The main Australian banks are ANZ, Westpac, Commonwealth and NAB. These can be found throughout the city and suburbs. Once you open an account you will be provided with a bank card so you can access your money through ATM's located throughout the city.

Credit cards

Credit cards are widely accepted around Australia. The most commonly accepted credit cards are MasterCard and Visa.

Working in Australia

Students can currently work 20 hours per week during the College study time and full-time during term breaks. However, work is not always easy to find and under no circumstances can students rely on income earned in Australia to pay course fees. Students are not permitted to work if it interferes with their studies.

Family members may also be entitled to work if accompanying students. Please contact the immigration department or the College for further details. International students tend to secure jobs in the service based industries although there are no limits to the industry in which you can gain employment. Department of Home and Affairs website <https://www.homeaffairs.gov.au/trav/work>

Tax File Number

All workers in Australia need a Tax File Number (TFN). When starting a new job, you need to inform your employer of your TFN by completing a Tax File Number Declaration form; International students pay tax on their earnings; for further information please visit the website: www.ato.gov.au

At the end of each financial year, international students need to apply for their tax return through an accountant.

How to resolve workplace issues

Dealing with workplace issues can be time consuming and frustrating, but its important to access concerns as soon as they arise to stop them from becoming more serious. Handling workplace issues promptly can also help you to build better relationships with your employees. please visit the website:

<https://www.fairwork.gov.au/how-we-will-help/how-we-help-you/help-resolving-workplace-issues>
<file:///C:/Users/Ying/Downloads/an-employers-guide-to-resolving-workplace-issues.pdf>

Budgeting

You should work out a budget covering accommodation, food, transport, clothing and entertainment. Childcare, if applicable, should also be taken into account.

The average international student in Australia spends about \$360 per week on accommodation, food, clothing, entertainment, transport, international and domestic travel, telephone and incidental costs. School students in Australia typically spend a little less - about \$265 a week - on accommodation and food, entertainment, transport and associated items. While this is a realistic guide, it is important to remember that individual circumstances will vary by location, course and lifestyle.

The DHA provide the following guidance to international students (as at 01/02/2018) - Cost of living per student - \$20,290 per year, plus school tuition fees. If bringing children 5-18 year's old- cost of living per year \$3,040 per year and cost of living is bringing a partner - \$7100 per year.

Homestay

Homestay accommodation involves living with an Australian family and adapting to their ways of life. It is a fantastic opportunity for students who wish to immerse themselves in the Australian culture and improve their English. The minimum stay for Homestay accommodation is four weeks and it can be used as either a long term accommodation option or as a short term option while you settle in the Australian life.

Temporary Accommodation:

Hotels, Motels & Backpackers

Generally, the price you pay for accommodation will determine its quality. However, it can be expensive to stay in a good quality motel or hotel for a long period of time. Backpacker accommodation is relatively inexpensive but you may need to bring your own pillow and sleeping bag if you choose this option.

Backpackers

Generally designed for travellers staying short term, backpacker accommodation can be a great short term (1-2 weeks prior to course commencement) way to familiarise yourself with Melbourne while deciding what longer term accommodation you may like to have. Backpacker hostels generally provide you with a room with a bed. Bathrooms and kitchens are shared amongst all tenants. This creates a highly social environment amongst people from all nationalities.

The College is able to assist you in finding short term accommodation prior to arrival. ADC will assist students by helping them access the accommodation agencies/ sources listed below. Please contact the College at info@adcpl.edu.au for further details.

Accommodation costs can vary significantly depending on the level of accommodation and proximately to the city centre. Students can expect to pay between approximately \$135 - \$350 per week for a room in a share house close to the city centre.

The College does not offer accommodation services, however the College is able to refer students to appropriate accommodation services and are always available to discuss any issues or concerns a student may have with their current accommodation arrangements.

All students are encouraged to organise accommodation prior to arrival in Australia.

The following types of accommodation are available for International students:

1. Full Board (Home stay) AU\$250 - AU\$370 per week
2. Student house AU\$200 - AU\$250 per week

Transport

Australia has an extensive public transport system that includes trains, buses, tramways, ferries, two major national airlines and a number of regional airlines. Metropolitan areas are divided into zones and your ticket type and cost depends on which zone you are going to travel in and for how long.

Students may drive in Australia on a valid overseas drivers licence but if the document is not in the English language the visitor must carry a translation with the permit. An international driving licence is not sufficient by itself.

Metered taxicabs operate in all major cities and towns. You will find taxi ranks at transport terminals, main hotels or shopping centres or you can hail taxis in the street. A light and sign on the roof indicates if a cab is vacant. There is a minimum charge on hiring and then a charge per kilometre travelled. Taxi drivers do not have to be tipped.

Melbourne has an efficient public transport system (buses, trains and trams) in all cities. Many students ride bicycles on campus and some even have their own car for longer travel. There are also train, bus and air services between cities and towns.

The Melbourne Visitor Shuttle (Red Bus) and City Circle (Tram) are a great way to see Melbourne's attractions, and it's free! (Find out more information please go to www.ptv.vic.gov.au)

ESOS Act 2000

The Education Services for Overseas Students Act 2000, or ESOS Act, establishes legislative requirements and standards for the regulation of education and training institutions offering courses to international students in Australia on a student visa. In particular ESOS provides tuition protection for international students.

The Education Services for Overseas Students Framework (ESOS) that includes the ESOS Act 2000, ESOS Regulations and National Code and related laws set out the requirements for providers who deliver education services to international students on a student visa.

These laws protect international students and also help ensure students meet student visa conditions for attending classes and making satisfactory progress in their studies while in Australia.

<https://www.legislation.gov.au/Series/C2004A00757>

The National Code of Practice 2018

The National Code is established under the Education Services for Overseas Students (ESOS) Act 2000. To become CRICOS-registered, a provider must demonstrate that it complies with the requirements of the National Code. The National Code is a legislative instrument. It is legally enforceable and breaches of the National Code by providers can result in enforcement action under the ESOS Act. This action can include the imposition of conditions on registration or suspension or cancellation of registration. This includes conditions on registration, suspension or cancellation of registration.

The National Code complements existing national quality assurance frameworks in education and training including the Standards for RTO's 2015 (for registered vocational education and training providers offering these courses).

The National Code complements existing national quality assurance frameworks in education and training including the Standards for RTO's 2015 (for registered vocational education and training providers offering these courses).

ELICOS Standards 2018

The National standards for ELICOS providers and courses (ELICOS Standards) are guidelines for regulatory authorities to make recommendations for acceptance of providers to be registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) under the ESOS legislative framework.

ELICOS (English Language Intensive Courses for Overseas Students) applies to students studying in Australia on student visas. 'Intensive' denotes full-time study comprising a minimum of 20 scheduled course contact hours per week of face-to-face classes of English language instruction.

ELICOS forms a significant part of Australia's international education sector. Students come from overseas to study the English language for a variety of reasons. Some need to improve their English for work or career purposes, some have a personal interest in becoming fluent in English, and some intend to travel. Others may want to continue their education in English, either in Australia or elsewhere, and need to develop the language skills to undertake further study. Consequently, the ELICOS Standards enhance Australia's reputation as a provider of quality education to international education markets and assist in attracting high quality international students to Australia.

The ESOS Framework Student rights and responsibilities

The Australian Government wants overseas students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework and they include the *Education Services for Overseas Students (ESOS) Act 2000* and the National Code 2018.

Protection for overseas students

As an overseas student on a student visa, you must study with an education provider and in a course that can be found on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) at <http://cricos.Department.of.Education.gov.au>. CRICOS registration guarantees that the course and the education provider at which you study meet the high standards necessary for overseas students. Please check carefully that the details of your course – including its location – match the information on CRICOS.

Your rights

The ESOS framework protects your rights, including:

- Your right to receive, before enrolling, current and accurate information about the courses, fees, modes of study and other information from your provider and your provider's agent. If you are under 18, to ensure your safety, you will be granted a visa only if there are arrangements in place for your accommodation, support and welfare.

- Your right to sign a written agreement with your provider before or as you pay fees, setting out the services to be provided, fees payable and information about refunds of course money. You should keep a copy of your written agreement.

The Tuition Protection Service (TPS) is a placement and refund service for international students, which is activated in the event that your provider is unable to teach your course. Visit the TPS website for more information, at www.tps.gov.au.

The ESOS framework sets out the standards Australian providers offering education and training services to overseas students must meet. These standards cover a range of information you have a right to know and services that must be offered to you, including:

- orientation and access to support services to help you study and adjust to life in Australia
- who the contact officer or officers is for overseas students
- if you can apply for course credit
- when your enrolment can be deferred, suspended or cancelled
- what your provider's requirements are for satisfactory progress in the courses you study and what support is available if you are not progressing well
- if attendance will be monitored for your course
- a complaints and appeals process.

One of the standards does not allow another provider to enrol a student who wants to transfer to another course but who has not completed six months of the final course of study in Australia. If you want to transfer before you have completed six months of your final course you need your provider's permission.

Your responsibilities

As an overseas student on a student visa, you have responsibilities to:

- satisfy your student visa conditions
- maintain your Overseas Student Health Cover (OSHC) for the period of your stay
- meet the terms of the written agreement with your education provider
- inform your provider if you change your address
- maintain satisfactory course progress
- if attendance is recorded for your course, follow your provider's attendance policy, and

1. ADC provides applicants a 7 day cooling off period. This means that if a student accepts an offer of a place and pays ADC relevant course fees before the course start date, and then changes their mind (for any reason), a full refund of course fees paid to date (minus the enrolment fee) will be provided. Students must notify ADC in writing within 7 days of paying ADC any fees. The cooling off period applies regardless of when the fees were paid before the course start date.
2. Refund applications must be made in writing to the College. The student refund application form is available from the College, must be used as the written application.
3. Students must contact the college and request a copy of the Student refund application form. This will be sent to the students' e-mail address or given to them personally.
4. Refunds will be processed within 14 days of receipt of a written application and will include a statement explaining how the refund was calculated.
5. Refunds are made in the same manner fees were paid. e.g. If a student paid fees through credit card, the refund amount will be credited to the credit card; and the same for other methods of payments.
6. Students may nominate a person or organisation who can receive receipt of any fee refund paid to the student by Australian Design College Pty Ltd.

7. Any refunded amount will have an amount deducted for any applicable transaction fees, bank charges and currency exchange fees. Transaction fees, bank charges and currency exchange rates will be applied at the rate charged to ADC.

Calculation of refunds

Refunds will be calculated as follows:

Course fee per week x number of weeks unused course fees the student has paid for at the point of withdrawal

The weekly course fee for the course will be identified by calculating:

Total course fee divided by number of weeks in the course. e.g. Total tuition fee \$1,250/ 10 weeks duration = \$125 per week.

The number of weeks of course that have been paid for but remain unused will be calculated as follows:

The number of weeks course paid for minus the number of scheduled weeks of course completed at point of withdrawal from the course e.g. 10 weeks course paid minus 6 weeks course completed = 4 weeks unused course.

The amount refunded will be the course fee per week x the number of weeks' unused course at the point of withdrawal

e.g. Course fee of \$125 per week x 4 weeks unused course = \$500 refund paid to the student.

Any refunded amount will have an amount deducted and any applicable transaction fees, bank charges and currency exchange fees, if they have been incurred before the day of default. Transaction fees, bank charges and currency exchange rates will be applied at the rate charged to the College.

Tuition Protection Service

The College is a member of the Tuition Protection Service (TPS). This means that the fees paid to the College are safeguarded if the College defaults on delivering the courses you are enrolled in.

The Tuition Protection Service (TPS) is an initiative of the Australian Government to assist international students whose education providers are unable to fully deliver their course of study. The TPS ensures that international students are able to either:

- complete their studies in another course or with another education provider or
- receive a refund of their unspent course fees

In the unlikely event that the College is unable to deliver the course you have paid for and does not meet our obligations to either offer you an alternative course that you accept or pay you a refund of your unspent prepaid course fees, the TPS will assist you in finding an alternative course or to get a refund if a suitable alternative is not found.

Prior to a student enrolling fees may be altered without notice. Once a student has completed enrolment, fees will not be subject to change for the normal duration of the course. If a course length is extended by the student then any fee increases will be required to be paid for the extended component of the course.

There is no obligation on the student or the College until the Written Agreement is signed by all parties, funds have been cleared by the College bank and an official receipt is issued by the College.

Please refer to the Fees & refund policy and procedure on the ADC website www.adcpl.edu.au for further details.

NC Standard 3 - Enrolment policy and procedure

Students applying for a course at ADC will have their application treated fairly and in accordance with the entry requirements for the intended courses of study.

All ELICOS students regardless if an English language certificate has been provided to ADC must undertake a ADC English Test prior to course commencement. This applies to students enrolled both on and offshore.

Students applying for VET courses must provide the college evidence that demonstrates their English language proficiency. This is normally a certificate e.g. an IELTS certificate with an overall band of 6.

This College English Test may be used where a VET student cannot provide evidence of English language proficiency or if the student's level of English indicated on the certificate/ evidence is in doubt or if the authenticity of the evidence is in doubt.

Students applying for VET courses may also choose to have their English language proficiency assessed by the College. The result of this test will be used to decide if a students' English language proficiency satisfies a vocational course English language entry requirement. Applicants numeracy ability is also tested during this process.

If the result of the College English Test differs from that indicated on any English language certificate provided to the College by a VET student as proof of English language ability, then the College English Test result will be used to identify if the student English language proficiency satisfies course entry requirements. There are no exceptions to this policy.
